**Important note:** The Organising Committee does recognise that the Euro Masters Regatta is an event that unites people and athletes. However, we do condemn the military invasion of Ukraine and the ensuing violation of the Olympic Truce by the Russian state. We stand in solidarity with the Ukrainian people, in particular the Ukrainian rowing family, during this international crisis. Therefore, in line with European Rowing's position and the decision of the World Rowing Executive Committee, the Organising Committee will not permit the participation of Russian and Belarusian athletes and officials in this 2022 competition.

Late entries are accepted at <https://max.m-start.de> until 13:00 hrs (CET) the day before the actual race. Entry fees in this case are doubled. There is no entitlement to late entries.

### Rules for the cancellation of entries:

Until 27 May 2022 24:00 hrs

Entries can be cancelled at any time at <https://max.m-start.de>. Already paid entry fees will be refunded free of charge.

From 28 May 2022 00:00 hrs

If a crew cannot or does not want to start in a race, the crew must cancel its entry as soon as possible according to the general rules using the entry portal at <https://max.m-start.de>. For fairness reasons for the other crews in this race and for crews who want to participate instead by late entry, the withdrawal should take place until 13:00 hrs of the day before the race. A refund of the regatta fee will not be made according to the usual regulations.

### III. Draw

## VI. Additional provisions

### a) Boat rental

Rental boats will be offered. Further information can be found at our website. All boat rental at the regatta venue is reserved to Filippi Boats. The price for the boat rental per seat is 33 €.

### b) World Rowing Rules of Racing

The races shall be rowed according the World Rowing Rules of Racing and related bye-laws. A rower may compete if he/she attains the age of 27 in 2022.

### Age categories

A = minimum age 27 years	F = average age 60 years	K = average age 83 years
B = average age 36 years	G = average age 65 years	L = average age 86 years
C = average age 43 years	H = average age 70 years	M = average age 89 years
D = average age 50 years	I = average age 75 years	
E = average age 55 years	J = average age 80 years	

Within an age category, a sorting by the year of birth is applied equivalent to the World Masters Regatta. The sorting by year of birth will be done at the draw considering all valid entries by the time of the draw. The sorting within an age category will be done backwards from the oldest to the youngest participant. Late entries that will come in after the draw will row in the heat with the youngest participants, not considering their year of birth. If scratches occur, the regatta committee reserves the right to depart from that rule.

### Lightweights

For the Masters lightweight races (MLW and MLM), rule 31 of the World Rowing Rules of Racing applies analogously. Lightweight single scullers may not weigh more than 72.5kg (men/MLM) and 59.0kg (women/MLW). Lightweight rowers shall be weighed wearing only their racing uniform not less than one hour and not more than two hours before their racetime.

### Coxswains

The coxswain's weight is 55kg. A coxswain has to employ deadweight to compensate for an underweight condition to a maximum of 15kg. Coxswains will weigh-in once for the whole regatta one (1) hour before their first race at the latest.

A coxswain may be of either gender. Age categories do not apply to coxswains of Masters crews.

### **Mixed races**

Mixed crews are crews where half of the crew excluding the coxswain shall be women and half shall be men.

### **Proof of age and accreditation**

Each regatta participant must be able to proof his/her age by presentation of an official photo ID (passport, ID card, driver's license). At the regatta office, you will be able to obtain an accreditation to avoid the necessity of carrying the photo ID. The age of the participants will be verified during the regatta. In addition, the identity can be verified at the victory ceremony.

### **Clothing**

Members of the same crew shall compete wearing uniform clothing.

The regulation regarding uniform clothing does not apply for mixed crews on Sunday.

### **Race divisions**

When the number of entries in an event exceeds the number of available racing lanes, the event will be divided into two or more finals. If an event's age category has one entry only, this crew shall start in the next lower age category.

### **Quick start**

If necessary, a quick start procedure can be applied. After announcing "2 minutes", crews shall be ready for start. As soon as the boats are aligned, instead of a roll call, the starter will call "QUICK START", "ATTENTION" and turn the red traffic lights ON. Afterwards, he/she will give the start signal using the GREEN light and simultaneously an AUDIBLE SIGNAL through the speakers. In case of a system failure, the start will be signalled using the start flag and the command "GO".

### **Substitutes**

Crew Changes are possible up to four hours before the start time of the first heat of the respective race at <https://max.m-start.de>. As a maximum, only half of the rowers of a crew may be substituted. A substitute shall not be permitted if the age of the substituting rower would lower the average age of the crew by more than one year or change the age category of that crew. Deviating from the World Rowing Rules of Racing: The substitutes do not have to be members of the same club (or, in the case of mixed teams, of one of the clubs involved).

### **Withdrawals**

If a crew cannot or does not want to start in a race, the crew must cancel its entry as soon as possible at <https://max.m-start.de>. For fairness reasons for the other crews in this race and for crews who want to participate instead by late entry, the withdrawal should take place until 13:00 hrs of the day before the race, at the latest two hours before the start time of the first heat of the respective race.

### **Anti-Doping**

Please note that doping tests are also possible at Masters regattas. A required medication has to be attested together with the relevant diagnoses and the agents applied – insofar as they are not banned, but notifiable by anti-doping regulations – by the attending doctor. A copy of the attestation shall be deposited **before** the competition in a sealed envelope at the regatta office. The envelope will only be opened in the presence of the rower and shall be collected upon completion of the regatta.

### **Health**

Each competitor shall be responsible for his or her own health and fitness. During the regatta the principle of mutual consideration applies in Corona times! Therefore, the hygiene concept of the

Organising Committee has to be adhered to by every participant. This concept will be adapted according to the official requirements until the start of the regatta and will be published on our website and sent to the registrants after the entry deadline.

The regatta committee reserves the right to exclude a participant from the regatta immediately in case of violation of the hygiene concept.

**c) Masters Single Trophy “Jutta Deuschl”**

Races marked with an \* will have Masters Single Trophy finals on the same day evening or the following day. To take part in the Masters Single Trophy, rowers must have already entered at <https://max.m-start.de> together with the entry for the single sculls race and qualified as follows: They will be assigned to the six or seven fastest participants of all heats of the relevant races (The results in the respective lightweight races are also taken into account for the qualification. If lightweights qualify for the Masters Single Trophy, they will not be weighed for the Trophy race.). For these finals, the rowers can only qualify in their own age category. The assignment will take place two hours after the last heat of the relevant event.

If an event only consists of up to seven participants, the heat will be directly counted as the final race of the Masters Single Trophy and the final in the evening or on the next day will not happen. There is no entry fee for the final races of the Masters Single Trophy. The victory ceremony will take place immediately after each race at the victory pontoon.

The Trophy has been renamed to honour the former Vice-President of Regatta München e.V. and German national rower Jutta Deuschl. Jutta was a founding Board member of the Munich regatta association and a passionate and ambitious Masters rower. She significantly shaped the new format of the Euro Masters Regatta. Jutta died of cancer in January 2021 at the age of 47.

**d) Team tents**

Team tents can be set up without fees in designated areas in the boat park. As the available space is limited, please contact the regatta management in advance indicating the amount of space needed. The preparation of meals is not allowed in these tents.

**e) Parking**

From Wednesday morning until the end of the event on Sunday, only towing vehicles may enter the regatta venue to bring boat trailers in or pick them up.

There will be sufficient number of designated parking spaces for event participants located close to the venue. They will be either within 5 minutes walking distance or connected by shuttle bus service. It will be possible to pre-book parking online or pay the parking fee at the Information Office.

Participants, who will book their accommodation with OC, will have the parking fee and the shuttle bus connecting Bled town center to the venue free of charge.

**f) Liability**

The insurance of equipment and person is the responsibility of the participants. The organizer assumes no liability of any kind.

**g) Photo and video recording**

During the regatta, photos and videos will be taken. Participants who do not agree to this must object at the regatta office before the event.
