Stay informed - join the WhatsApp group

Please join our WhatsApp group in advance, where we will keep you up to date during the regatta:

The group is not for exchanges between athletes, so only the regatta management can send messages. Please use the Facebook group to exchange information with each other, e.g. to find rowing partners and form mixed teams.

Award ceremony

The award ceremony will take place directly after each heat. Only the first-placed athletes will be honoured directly after their race at the victory pontoon. Due to the tight race schedule, the athletes will remain seated in their boats.

Before each award ceremony, the accreditation of the athletes will be checked. In the Trophy races marked with T, places 1 to 3 will receive awards. All Trophy races are honoured directly after the race at the winners' pontoon.

Substitutes

Crew Changes are possible up to two hours before the start time of the first heat of the respective event at <https://max.m-start.de>. As a maximum, only half of the rowers of a crew may be substituted. Deviation from the World Rowing Rules of Racing: The substitutes do not have to be members of the same club (or, in the case of composite crews, do not have to belong to one of the clubs concerned). A substitute shall not be permitted if the age of the substituting rower would lower the average age of the original crew by more than one year or would change the age category of the team in such a way that the team would no longer be eligible to compete in the registered age category.

Withdrawals

If a crew cannot or does not want to start in a race, the crew must withdraw its entry as soon as possible at <https://max.m-start.de>. For fairness reasons for the other crews in this race and for crews who want to participate instead by late entry, the withdrawal should take place until 13:00 hrs (CEST) of the day before the race, at the latest two hours before the start time of the first heat of the respective race.

If, on inspection immediately after the race, the weight of a coxswain, together with the additional weight that the coxswain is required to carry in the boat during the race, is found to be less than the minimum weight prescribed in these rules, the team shall be excluded from the race.
